

skyVac

HyGenie

With Telescopic Poles

The skyVac® HyGenie H-Class Vacuum is the perfect hygienic high reach cleaning system. The HEPA filtration system cleans 99.99% of the air processed making it suitable for cleaning hazardous or fine dust particles. Whilst the anti-bacterial plastic, protects against the growth of bacteria and viruses. Available with lightweight carbon fibre telescopic poles, the system is the perfect high and low level cleaning options. Ideal for medical facilities (hospitals and care homes) as well as the pharmaceutical, food processing or electrical industry.

Hygienic Cleaning Results:

This compact, 1300Watt, single motor system generates 3500 LPM air flow for powerful low and high level cleaning results. For convenience, the 12kg unit is mounted on castors and features a tool storage shelf to the rear.

The skyVac HyGenie H Class Vacuum and accessories are constructed from anti-microbial plastic. The treated polymer surfaces are resistant to bacteria, viruses, fungus and parasites. This not only offers the operator additional hygiene protection, but makes the system suitable for locations such as food processing, wash rooms and laundry areas.

For secure and hygienic storage, the front entry port features a relief valve (or cap) which can be secured in place when not in use. This keeps contaminants both in and out.

Machine Specification

Motor Wattage:	1300 Watt (Single motor)
Air Flow Movement:	3,500 LPM
Entry Port:	50mm
Container:	33 Litre
Weight:	12kg
Decibel Level:	64 dB
Mains Connection:	240V
Dimensions (cm):	38(l) x 38(w) x 65(h)

Included as standard

38mm Hose

Internal End Tools

Filter Bags

Floor Tool Kit

Carry Bag

Compact & Dry Gutter Vacuum

Suction Pole: Telescopic/ Standard

POLE TYPE:	4m/13.1ft Telescopic Suction Pole	7m/23ft Telescopic Suction Pole	1.5m Suction Pole
Construction:	High Modulus Carbon Fibre	High Modulus Carbon Fibre	Carbon Fibre/ Fibre Glass Hybrid
Collapsed Height:	1.67m (5.5ft)	1.75m (5.75ft)	1.5m (5ft)
Sections:	2 collapsible sections & 2 clamps	4 collapsible sections & 4 clamps	-
Diameter:	44mm	44mm	44mm
Weight:	824gms	1282gms	310gms

Plus...

Telescopic Suction Pole

Available in 4 packages
- see below

- 1 4m/13.1ft Telescopic Pole
- 2 4m/13.1ft Telescopic pole & 1.5m Suction pole - reach 5m/18.1ft
- 3 7m/23ft Telescopic Pole
- 4 7m/23ft Telescopic pole & 1.5m Suction pole - reach 85m/28ft
