

skyVac

INTERNAL 27

With Suction Poles

Lightweight and compact, yet extremely powerful. The skyVac® Internal 27 high-level vacuuming system rapidly removes dust and debris from a range of internal environments up to 12M from the safety of the ground.

A compact and effective system engineered for everyday commercial use. The Internal 27 features a powerful vacuum head mounted on a polypropylene drum with a 27 Litre capacity. Lightweight at just 7.8kg, it sits on a robust trolley with two multi directional front castors and two oversized rear wheels making it easy to manoeuvre.

For easy maintenance, the vac head houses a pleated filter to protect the motors from stray dust. With all vacuums, cleaning the filter on a regular basis (using a dry brush) will ensure that system performs at its best. To capture the dust, the drum houses a cloth filter.

For tasks that demand high filtration, HEPA filters can be used with this Vacuum.

Machine Specification

Motor Wattage:	1000 Watt (Single Motor)
Air Flow Movement:	3,800 LPM
Cyclonic Entry Port:	50mm
Container:	27 Litre
Weight:	7.8kg
Decibel Level:	60 dB
Mains Connection:	240V
Dimensions (cm):	37(l) x 38(w) x 66(h)

Included as standard

38mm Hose

Internal End Tools

Filter Bags

Compact & Dry Gutter Vacuum

Suction Pole: Telescopic/ Standard

POLE TYPE:	4m/13.1ft Telescopic Suction Pole	7m/23ft Telescopic Suction Pole	1.5m Suction Pole
Construction:	High Modulus Carbon Fibre	High Modulus Carbon Fibre	Carbon Fibre/ Fibre Glass Hybrid
Collapsed Height:	1.67m (5.5ft)	1.75m (5.75ft)	1.5m (5ft)
Sections:	2 collapsible sections & 2 clamps	4 collapsible sections & 4 clamps	-
Diameter:	44mm	44mm	44mm
Weight:	824gms	1282gms	310gms

Plus...

1.5m Suction pole

Available in 4 pole, 6 pole
& 8 pole package

4 POLES - reach 6m/20ft
6 POLES - reach 9m/30ft
8 POLES - reach 10.5m/35ft
