INTERNAL 78

With Suction Poles

UP TO 3 STOREYS
10.5M/35FT

CLEAN HIGHER.
FASTER & SAFELY
FROM THE GROUND

7166 LPM

Extremely powerful and robust, the skyVac® Internal 78 high-level vacuuming system is ideal for heavy duty internal high-access cleaning. For the rapid removal of the densest of dust and debris up to 40ft from the safety of the ground by a single operator. With two industrial motors delivering 2600Watts of power and 7166LPM air flow.

Dry brushing or dusting can disperse fine particles into the air. Once airborne, dust can drift throughout the location before settling on surfaces over time. The powerful 7166 Litres Per Minute air flow, sucks up and removes these fine dust particles, preventing them becoming airborne.

High Level vacuuming is an efficient and effective way to capture and remove dust at source, stopping it from becoming airborne and drifting down to low level surfaces.

The system is supplied with 5x cloth bags for convenient waste removal, but equally can be used without.

The Internal 78, with its high reach carbon fibre poles, makes high level dusting, safe, easy and convenient. With minimum disruption to the working area, a single operative can access projects up to 40ft, all from the safety of the ground.

DOMESTIC & COMMERCIAL USE

IDEAL FOR:

High level internal vacuuming system for hard to reach areas complete with trolley. The perfect choice for a range of environments including shopping centres, large offices, colleges and universities.

skyVac® INTERNAL 78

Machine Specification

Motor Wattage:	2600 Watt (two motors)
Air Flow Movement:	7,166 LPM
Entry Port:	50mm
Container:	78 Litre
Weight:	36kg
Decibel Level:	72 dB
Mains Connection:	240V
Dimensions (cm):	60(l) x 64(w) x 114(h)

Included as standard

38mm Hose

Internal End Tools

Filter Bags

Compact & Dry Gutter Vacuum

Suction Pole: Telescopic/ Standard

POLE TYPE:	4m/13.1ft Telescopic Suction Pole	7m/23ft Telescopic Suction Pole	1.5m Suction Pole
Construction:	High Modulus Carbon Fibre	High Modulus Carbon Fibre	Carbon Fibre/ Fibre Glass Hybrid
Collapsed Height:	1.67m (5.5ft)	1.75m (5.75ft)	1.5m (5ft)
Sections:	2 collapsible sections & 2 clamps	4 collapsible sections & 4 clamps	-
Diameter:	44mm	44mm	44mm
Weight:	824gms	1282gms	310gms

Plus...

1.5m Suction pole

Available in 4 pole, 6 pole
& 8 pole package

4 POLES - reach 6m/20ft
6 POLES - reach 9m/30ft
8 POLES - reach 10.5m/35ft

Carry Bag

OR

Telescopic Suction Pole

Available in 4 packages
- see below

- 1 4m/13.1ft Telescopic Pole
- 2 4m/13.1ft Telescopic pole & 1.5m Suction pole - reach 5m/18.1ft
- 3 7m/23ft Telescopic Pole
- 4 7m/23ft Telescopic pole & 1.5m Suction pole - reach 8.5m/28ft
